DETAILED ACTION

1. This Office Action is in response to and AMENDMENT entered on 12/18/08 for patent application 10,824,290.

Status of Claims

2. Claims 1-6 are pending in this application.

Claim Rejections- 35 U.S.C § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-6 are being rejected under 35 U.S.C 102(b) as being anticipated by US 2002/0103752 to Berger et al herein Berger.

Regarding claim 1, Berger discloses a method for pushing credit payments as buyer initiated transactions, comprising: determining payment instructions for an accounts payable, the accounts payable representing a purchase made by a buyer from a merchant ([0004]); communicating electronically the payment instructions from the buyer to an acquirer, the acquirer being an entity that buys credit card receipts from merchants ([0025])); generating a transaction based upon the payment instructions without the transaction being initiated by the merchant, the transaction representing the buyer initiated payment; and settling the transaction ([0046]).

Regarding claim 2, Berger discloses the method of claim 1, further comprising utilizing merchant profiles to determine whether payment instructions should include a

credit payment or a debit payment, wherein the generating of the transaction takes place where the payment instructions include a credit payment and wherein a separate step is used of electronically transferring funds from the buyer to the acquirer where the payment instructions include a debit payment ([0008], [0046]).

Regarding claim 3, Berger discloses a system for pushing credit payments as buyer initiated transactions, comprising: a purchasing management system associated with a buyer, the buyer having an accounts payable ([0006]); an acquirer computer system configured to receive electronically payment instructions from the purchasing management system, the computer system being associated with an entity that buys credit card receipts from merchants ([0025]); wherein the acquirer computer system is further configured to generate a transaction based upon the payment instructions without the transaction being initiated by a merchant, the credit transaction representing the buyer initiated payment; and wherein the acquirer computer system is further configured to settle the transaction ([0046]).

Claim 4 is being rejected using the same rationale as claim 2.

Claim 5 is being rejected using the same rationale as claim 1.

Claim 6 is being rejected using the same rationale as claim 2.

RESPONSE TO REMARKS

Applicant's arguments with respect to amended claims 1,9,12,15,18,20 have been fully considered but are not persuasive.

On page 2, applicant argues that Wang (US Patent 6,618,705) does not teach "an acquirer being an entity that buys credit card receipts from the merchants" However US 2002/0103752 to Berger et al, teaches this limitation ([0025]).

CONCLUSION

Applicant's amendment necessitude the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period fro reply expire later than SIX MONTHS from the date of this final action.
